

#AlkebulanNetworkState is a people led movement built on a value for STEM learning integrated with African cultural Arts; የጥምር ፡ ዕውቀት ፡ ። **Unifiedknowledge**. We are nurturing Learners' Cooperatives who's functionality is augmented, powerfully, by web3 technologies; distributed decentralize tech, including cryptoassets and protocols.

A network-state is a revolutionary idea:

*We came to Earth with many identities,
now the best identities can converge and network freely,
beautifully and to great effect.*

AlkebulanMeta.app the official portal to Alkebulan Network-State, is a trans-national space (ግዛት, **gzat**) focused on Earth to properly respect (ሐሻማ, **hashima**) your dignity as a foundational point. See our **Mission**.

Insight connects ALL who hold **OnWeb3-Passports** into the inner realms of Alkebulan; you may be an NFT collector and might simply value owning one or some of these assets, and that's just fine.

Yet destiny calls many and a **OnWeb3-Passport character** can unlock it's owner's inner values through our innovative **Unifiedknowledge Storytelling** platform where we bridge cooperative STEM visions into worldly manifestation through immersive learning AlkebulanMeta spaces & platform apps. Passports **tokengate** (secure) the Alkebulan Network-State and they unlock high learning competencies, you can own (and build up) your characters today;
Access | Power | Learning | Assets - OPEN TO ALL now.
